

IGEL *one*

Profile

The entry device, designed for SMB and small and home office environments without the need for central management. The IGEL *one* offers support for one of five single protocols, which is chosen during the initial boot. This makes the IGEL *one* the perfect client device for straight-forward server-based and VDI computing environments.

Features

- Slim design
- VESA mountable
- Affordable

Benefits

- The perfect companion for any workplace due to the small form factor and the latest design
- Mountable on the back of a monitor with the optional available VESA bracket, ideal for space constrained environments
- A low price and high energy efficiency guarantee low TCOs and a fast ROI
