

EPSON EB-460i

FACTSHEET

Launch date: January 2010

Interactive Ultra-Short-Throw Projector

The EB-460i ultra-short-throw projector makes any presentation surface interactive with its built-in interactive technology and the EPSON interactive pen. Notes and illustrations can be created and saved, which gives total control of the projection area.

With its 3,000 lumens colour light output, and a large image from a short distance, the EB-460i is the best solution for interactive teaching.

From only 19cm distance from the back of the projector, the EB-460i brings you a superior 78", 4:3 format interactive projection area.

An all-in-one solution, the EB-460i needs no additional board or device for interactivity, and it also comes with a dedicated tailor-made wall mount for safe and easy installation.

KEY SELLING POINTS

- Ultra-Short-Throw Projector with 3000 lumens colour light output
- Built-in interactive technology
- Interactive pen & software included
- Interact with any application
- WXGA, widescreen resolution
- Low maintenance with Epson's remote network management technology
- Wall mount solution included
